The Kingman Academy of Learning *FIRST* Lego League team(s) work in conjunction with the *FIRST* Kingman Robotics Team 60, however, they are financed separately. High school members of Team 60 serve as mentors to the FLL teams, guiding the students in building, programming, presenting, as well as promoting the values and ideals of *FIRST*.

The *FIRST* (For Inspiration & Recognition in Science & Technology) Lego League is a powerful program that helps young people discover the fun in science and technology while building self-confidence, knowledge, and valuable employment and life skills.

Students in grades 5-8, will think like scientists and engineers, research and solve real world problems using robotics, overcome obstacles, and give presentations.

GIVE YOUR TAX CREDIT DONATION of up to \$200 for individuals and \$400 for married filing a joint return) to help the team build and compete in the *FIRST* Lego League. The KAOL *FIRST* Lego League teams rely on your generous support to provide this opportunity to our youth. WE WELCOME PARTICIPATION FROM COMMUNITY MEMBERS AND GLADLY INVITE VISITORS TO OUR MEETINGS.

**BRINGING SCIENCE & TECHNOLOGY
TO
THE YOUTH OF
KINGMAN ARIZONA**

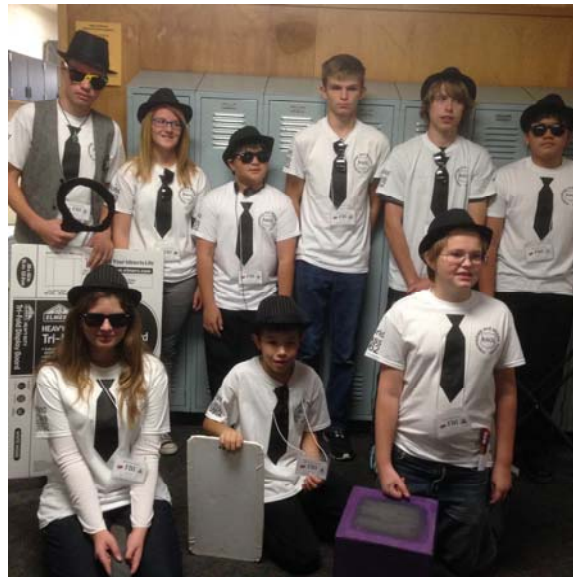

Each year, the team needs \$300 to register and to purchase the field set up kit. These fees do not include registration for competition (\$95 per team), travel and/or any additional building materials and parts that are needed. Any support would be greatly appreciated!

FLL CORE VALUES

- We are a team.
- We do the work to find solutions with guidance from our coaches and mentors.
- We know our coaches and mentors don't have all the answers; we learn together.
- We honor the spirit of friendly competition.
- What we discover is more important than what we win.
- We share our experiences with others.
- We display Gracious Professionalism and Coopertition in everything we do.
- We have FUN!

How Can You Help?

You can be an integral part of the KAOL *FIRST* Lego League family! We are privately funded. Personal tax credit, business donations, and grants keep our team operational. Help us provide this great opportunity for our kids!

**Sponsors and Mentors wanted
The Team needs Sponsors and Mentors**

What better donation program could you have than the sharing of your skills and knowledge with a student?

The KAOL FLL team is always looking for businesses, parents and individuals willing to mentor and guide students. You DON'T have to be an expert! Anyone can coach! The key is to guide students, ask them questions, learn with them! We need adults who can help raise funds(Development), help create a team identity (Marketing), and to promote our activities (Advertising).

The students learn time management skills, critical thinking, collaboration, and how to communicate effectively– employment skills that will benefit them in the future!
